Canon

TM-240/340
KEY FEATURES
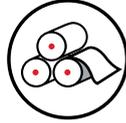

AUTOMATIC MEDIA TYPE AND LENGTH DETECTION

Printer quickly detects media type and length for an efficient working process.

MORE STARTER INK IN THE BOX

Printer comes with a total of 300ml (CYMK 55ml, MBK 80ml) ink tanks.

QUICK PRINT

Print an A1 CAD drawing in as little as 21 seconds (TM-340) and 23 seconds (TM-240).

*Fast print mode on plain paper. Print speed does not include time required for data processing, data transfer and preprinting operations.

POSTER SOLUTION

All inks are pigment based. Newly developed magenta ink and borderless printing, gives users the ability to create posters easily. Hot swap ink technology means less down time.

SOFTWARE

POSTERARTIST WEB

Creating posters, banners and flyers has never been easier. This intuitively creative web-based software boasts auto-generated design templates, access to millions of stock photos, and intuitive editing – all completely free of charge.

DIRECT PRINT PLUS

The Direct Print Plus software allows you to simply drag and drop to process a large number of prints quickly helping you stream line your workflow for on demand printing. In addition, you can set-up shortcuts folders on your desktop by clicking the Shortcut Print feature with a variety of customised settings, allowing for multiple jobs to be run with ease.

FREE LAYOUT PLUS

Nest, tile and create custom layouts before printing your files.

Wireless printing requires a working network with wireless 802.11b/g or 802.11n capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.

The scan rate is proportional across the full range of resolutions supported by the scanner. Actual scan times will depend on the host system performance.

Quoted top speeds may be limited by the effective bandwidth of the USB 2 and is not guaranteed for all media types.

The quoted scan accuracy may vary depending on the operating environment and the thickness of the media.
