PIXMA G3620 ***MegaTank TECHNICAL SPECIFICATIONS

PIXMA G3620 MMegaTank

A High-Yield and Quality Printer You Can Depend On

PRINT WITH QUALITY AND SPEED

The Canon PIXMA G3620 MegaTank prints at speeds of approximately 9.1 ipm in black and white, and 5 ipm in colour¹, enabling you to print multiple pages with efficiency. Ideal for your work and play printing needs, the Canon PIXMA G3620 MegaTank is compatible with a wide range of creative print media including: Canon Magnetic Photo Paper, Canon Fabric Iron-on Transfers, and Canon Double-sided Matte Paper, among many others.

ENJOY ECONOMICAL HIGH-YIELD PRINTING

Comprising of Canon's new MegaTank ink technology, the PIXMA G3620 MegaTank is capable of printing up to 6,000 in black and white, and up to 7,700 pages in colour², reducing the chances that you will run out of ink when you need it most. Canon's Economy printing mode will also enable you to decrease printing costs and maximise your productivity even further by reducing the consumption of black ink, achieving yields of up to 7,600 pages.

REFILL INK TANKS WITH EASE

The mega-sized refillable ink tanks have been thoughtfully designed so you can quickly and easily top up your tanks with no fuss or mess. The non-squeeze ink bottle refills feature a unique nozzle that ensures each bottle can only refill the right coloured tank, so there's no chance of making a mistake.

GET THE BENEFIT OF EASY MAINTENANCE

The PIXMA G3620 MegaTank offers the benefit of a user replaceable Print Head/Maintenance Cartridge. With the convenience of being able to easily maintain it yourself, it means less downtime with printing.

ACHIEVE SIMPLE SETUP WITH WIRELESS CONNECTIVITY

Printing, scanning, copying and connecting to the cloud has never been easier simply connect to the Canon PRINT app or PIXMA Cloud Link to get underway. You can also print wirelessly directly from your mobile devices such as your smartphone, tablet, or laptop via AirPrint (iOS) or Mopria (Android)³.

Document print speeds are the averages of ESAT (Estimated Saturated Throughput) (Word, Excel, PDF) in Office Category Test for the default simplex mode, ISO/IEC 24734. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

Approx. yields are based on Canon original method using test patterns ISO/IEC 24712 (Colour chart). The estimated page yields are determined not based on the initial set of bundled ink bottles, but based on subsequent sets of ink bottles after print head nozzles have been filled with ink from the initial set of ink bottles. Black and colour page yields are not to be combined. Page yields varies significantly depending on contents printed and other factors.

AirPrint and Mopria are available for download via the Apple Store (iOS) and Play Store (Android)

Standard disclaimers

- If your inkjet printer is found defective within the applicable manufacturer warranty period (1 Year), we'll replace it with the same, or an equivalent model. Excludes damage caused by external factors. Canon's full replacement promise is in addition to your rights under Australian Consumer Law which, depending on the type of fault, includes repair, replacement or a refund. For full terms see: www.canon.com.au/printassist or the card in the printer box. Only for products purchased at Authorised Canon Australia retailers
- Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.
- Page yield of ink bottle used for initial setup is lower than a replacement as a certain amount of ink is used to fill the print head during setup. Page yield is the estimated value based on Canon's individual test method using the ISO/IEC 24712 colour chart and continuous printing simulation with the replacement ink bottles after initial setup. Black and colour page yields are not to be combined. Page yield varies significantly depending on contents printed and other factors.
- · USB cable not included.

Note: Ink must be available in each ink-tank for all functions including copy, print and scan. Some functions may not work unless an internet connection established.
