ES-C320W

Compact Desktop
Document Scanner

KEY FEATURES:

- **Ultra Compact** – Small footprint, even when in use
- **Two-in-one** – U-turn path and straight path give you two scanners in one.
- **Document Capture Pro** – Advanced scanner functions
- **Low Power Consumption** – 3.3W in ready mode and 1.0W in sleep mode

A compact network A4 scanner with a small footprint while in use, versatile media handling and low power consumption.

The scanner's U-turn path position allows paper to be scanned without adding to the footprint of the device. Switch to straight path mode to scan passports and booklets up to 5mm thick. Scan to popular cloud based services including OneDrive, Sharepoint online and Microsoft Teams*. With a low power consumption, it also has a lower environmental impact.

features & benefits

Two-in-One:

The selector allows you to easily switch between straight path mode and **U-turn mode**, even while in operation, enabling you to create a single PDF. When the scanner is in U-turn mode, paper can be scanned without adding to the device's footprint, making it the perfect choice when space is at a premium. This makes it the ideal for any environment where desk space is limited.

U-Turn Mode

Straight Path Mode

KEY FEATURES:

The WorkForce® ES-C320W is a modern and powerful document scanner that simplifies your document management process with its intuitive design and exceptional flexibility. With this high-performance workhorse, you can organise stacks of documents and make keeping piles of paperwork for your records a thing of the past. The ES-C320W is designed for fast and easy document management, offering features such as 2-sided scanning and wireless connectivity that keep your business moving forward.

VERSATILE SCANNING:

The ES-C320W is extremely versatile, handling from envelopes and DL cards to long paper and A3 (stitched). With the use of a carrier sheet, it can even scan passports and booklets up to 5mm thick. The ES-C320W also comes with a host of enhancement features, enabling you to improve text sharpness, as well as correcting edge folds, tears, border shadows and punch hole removal.

LOW POWER CONSUMPTION:

Only 3.3W in ready mode and 1.0W in sleepmode, it will also save you energy costs.
